

Project title: EDUCATION HOME

ABSTRACT

Education Home is the online system or website for School management system, Chennai, to help provide the Information about the School to Students and faculties all over the world and for them to register and apply for the admission into the school. The primary objective of this web site is to provide all the information about the school and keep everyone updated about all the events that takes place in the school. This helps students from all over the world to know about the existing Institute and reach out to it. The main purpose of the web site is to reduce the effort by the candidate and save his time and avoid unwanted rushes due to the admission process at the college and assure a smooth working schedule at college. The project Education Home management still requires more development of IT solutions and its applications to implement the backend databases to store students' and faculties' applications.

HOMEPAGE

ABOUT

Our Institution is set to bring an educational revolution by creating awareness amongst the public on the powers of administrative officers in the implementation of constitutional laws thereby bringing out a government that cares for its people and eventually strengthening the sovereignty of the country by empowering the citizens about their constitutional rights and duties and upholding the values of each and every individual and his community and establishing peace and harmony in their lifestyle.

We don't just give students an education and experiences that set them up for success in a career. We help them to discover a field they're passionate about and dare to lead it and succeed in their career.

IAS, IPS & OTHER UPSC CADER EXAMS

INFRASTRUCTURE

Good School Infrastructure has a positive correlation with better learning outcomes of students. Keeping this in mind, we have synthesised the very best infrastructure in our schools. Right from spacious & well-ventilated classrooms to well stocked libraries, sprawling playgrounds to well-equipped labs, we have taken care of every facility, as per international standards. All items like desks & chairs, and other furniture, have been ergonomically curated. Basic utilities such as water, electricity etc. have been optimally provisioned, as per the highest norms. Our classrooms, auditoriums, assembly areas and all habitable zones conform to global safety and utility specifications. Well-maintained sanitation facilities for well-being of children and technology leveraged intelligence have been woven into all aspects of our schooling infrastructure.
