

## **PROJECT TITLE :HOSPITAL MANAGEMENT**

### **ABSTRACT**

Revelation Care management is the online system or website of Hospital Management, Chennai, to help provide the Information about the hospital to people and faculties all over the world. The primary objective of this web site is to provide all the information about the hospital and keep everyone updated about all the events that takes place in the hospital. This helps people from all over the world to know about the existing hospital and reach out to it. The main purpose of the web site is to reduce the effort by the candidate and save his time and avoid unwanted rushes due to the appointment process at the hospital. The project Revelation Care Management still requires more development of IT solutions and its applications to implement the backend databases to store patient details' and faculties' applications.
