

# **COMPANIES AND FOUNDERS**

## **ABSTRACT**

Companies and founders is an informative app about the top companies. A company is a body corporate or an incorporated business organization registered under the companies act. A company is a legal entity formed by a group of individuals to engage in and operate a business—commercial or industrial—enterprise. In business, a founder is an individual who forms and establishes a business or organization. The founder is typically responsible for setting the mission and vision of a company. Essentially, a founder takes a business from an idea to an entity. This application aims to know about the top companies history in a single application. Companies and founders application contains list of top companies along with founders details and companies details.
