EVENT BUILDERS APP

ABSTRACT:

If you're in a wedding planning.you have got a mobile app so much goes easy into planning a wedding . A wedding is one of the most important event in one person's life. As a wedding planner you need to make their experience and planning as easy as possible for clients . First download Event builders app then give details for Name,Mobile no,Email, Gender and login. Next page it consists of homepage in that there is an layout called halls, decoration,djsandmusic, beautician,catering. When you clicking on a particular thing ie., By clicking hall it will move to next page marriage halls you can click halls you want or else type the place where you're searching halls. It will give u list of halls. By selecting or selected hall it gives the details about the hall. Likewise you can do for all the rest of things in marriage event you want through this mobile app itself . You can pay through this app or else by directly to the things you are selected.
