

PROJECT TITLE : MY POKOK

ABSTRACT

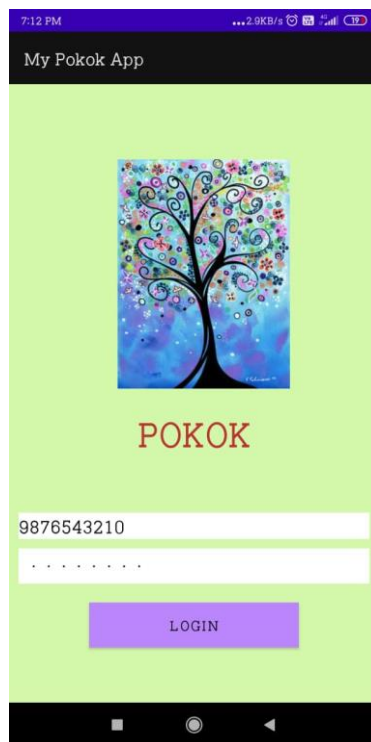

In today's world, we all live in the place of hazard, pollution, etc. And we also live in the most expensive selling product world. So this app which is known as "my pokok", will help you to buy your own home gardening shrubs, herbs..etc. this app will help you to know about the plants maintains like watering, sun shades, fertilizer, growth. And you can also buy it online through our app. The plants sold by us only focused on the health of our surrounding.
